**FISCAL ANALYSIS**

**ASSUMPTION**

Officials of the **Department of Health** stated that the proposal would have no fiscal impact to their department. Officials stated there are 102 Ambulance Districts in Missouri. The cost per year to each district could be \$17,600 to \$32,000 for a board not currently compensated.

**Oversight** did not receive any responses from the various ambulance districts that were sent a request for fiscal impact.

The proposal would allow members of ambulance district boards to receive an attendance fee not to exceed \$100 for attending board meetings and compensation for the additional duties of the secretary and treasurer could not exceed \$1,000 per year. The compensation would only apply if it is approved by the district's board.

Oversight assumes that this proposal is permissive and any additional costs to local government would be incurred as a result of Ambulance District Board actions.

<u>FISCAL IMPACT - State Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
	\$0	\$0	\$0
 <u>FISCAL IMPACT - Local Government</u>	 FY 2001 (10 Mo.)	 FY 2002	 FY 2003
 <u>Costs to Ambulance Districts*</u>	 \$0	 \$0	 \$0

**\* Compensation to board members would require board approval.**

**FISCAL IMPACT - Small Business**

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This bill allows each board member of an ambulance district to receive an attendance fee not to exceed \$100 for each board meeting. An additional \$50 attendance fee may be paid to the chairman of the board. Limits are set on the number of attendance fees a board member may receive in a month. The secretary and treasurer of the board, if also members of the board, may each receive additional compensation not to exceed \$1,000 per calendar year for the performance of their duties. All attendance fees and compensation must be authorized by the board and would not be paid to any member elected before August 28, 2000.
